 [Portfolio Website](#)

Summary

Senior Frontend Developer with **5+ years** of commercial experience, including **3+ years** specializing in Vue.js, building scalable and maintainable SPA and PWA applications with modern JavaScript.

Focused on frontend architecture, performance optimization, and long-term maintainability. Experienced in owning feature delivery end-to-end, architecting frontend solutions, mentoring developers, and collaborating directly with clients and cross-functional teams.

Currently seeking fully **remote** opportunities where I can contribute to impactful products and continue growing as a developer.

Skills

Vue.js

TypeScript

JavaScript

Frontend Architecture

Pinia / Vuex

CSS / SCSS / Tailwind CSS

UI/UX

PWA

Vite

WebSockets

Docker

Experience

Senior Frontend Developer (Vue.js), [Sweet Stack Digital](#)

04/2023 – Present

Remote

- Architected scalable and maintainable frontend applications with focus on long-term stability
- Owned feature delivery from requirements gathering to production deployment
- Implemented real-time functionality using WebSockets and third-party integrations
- Collaborated directly with clients, designers, backend developers, and product teams
- Mentored developers and contributed to code quality through reviews and engineering guidance

Middle-Strong React Developer, [Sweet Stack Digital](#)

02/2022 – 04/2023

Remote

- Developed complex business-critical UI features for high-load platform
- Integrated multiple third-party APIs and asynchronous data processing solutions

- Managed scalable application state architecture and frontend structure
- Improved application performance and development workflows

Middle React Developer, NDA

- Built modular and reusable frontend component architecture
- Developed interactive user interfaces using React, Redux, and TypeScript
- Integrated REST APIs and maintained structured frontend data flows

06/2021 – 02/2022
Remote

Junior React Developer, NDA

- Developed reusable React components and UI functionality
- Implemented pixel-perfect interfaces based on design specifications
- Integrated REST APIs and collaborated within a structured development team

12/2020 – 06/2021
Remote

Projects

Dev Lab 

A public record of reusable TypeScript and Vue 3 code and practices drawn from real projects, with documented reasoning, trade-offs, and a portable Claude Code development toolkit.

Architecture 

A Vue 3 reference architecture built with TypeScript, Vite, Pinia, and Vue Router, featuring ESLint-enforced layer boundaries, portable development guides, tests, and CI.

Alphabet 

A structured representation of my developer mindset, using an A–Z system of principles covering architecture, decision-making, and product thinking.

Education

Bachelor's Degree - Publishing and Printing,
Yuriy Fedkovych Chernivtsi National University 

09/2019 – 06/2023
Chernivtsi, Ukraine

Master's Degree - Publishing and Printing,
Yuriy Fedkovych Chernivtsi National University 

09/2023 – 12/2024
Chernivtsi, Ukraine

Languages

Ukrainian — Native

English — B2+
